Photo shows layout to make one corner of the 24 1/2" block. Four sections will make one of the four large blocks.

**Step 3:** Add sashings to the four  $24\frac{1}{2}'' \times 24\frac{1}{2}''$  blocks – starting with the 2 strips cut  $3\frac{1}{2}'' \times 24\frac{1}{2}''$  – sewing the large blocks together in pairs. Next add the sashing to the top, middle and bottom –  $3\frac{1}{2}'' \times 51\frac{1}{2}''$ . Finish piecing the top by adding the sides –  $3\frac{1}{2}'' \times 58''$ . Corners may need to be squared up.
